

At night, look a split second longer than usual before entering traffic, turning or backing. With reduced visibility, recognition of traffic cues and response to them take more time.

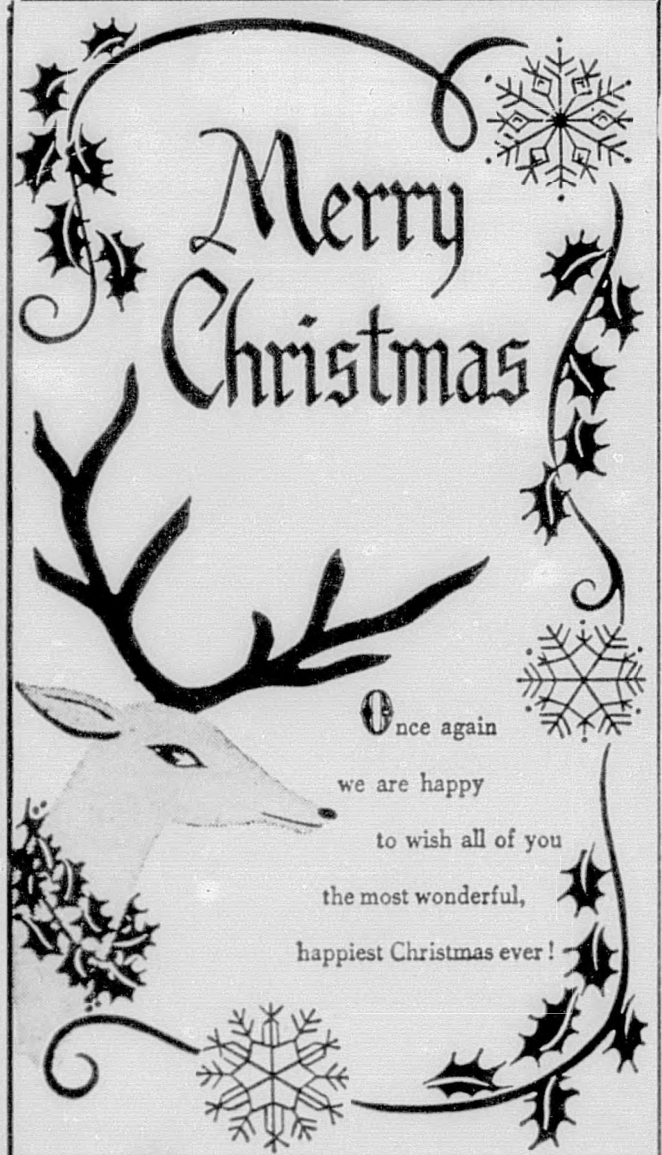

Night drivers should observe the headlight range of traffic they're following. Their visual field is thereby widened and route conflicts can be spotted farther in advance.

Elba Homes Sanctuaries For Birds

Many homes in Elba are "Bird Sanctuaries," and which adds to the charm of the entire community.

According to a release of the Southwide Forest Education Board, organized in 1939, of the Southern States Forestry Commission of Birmingham, they have experienced with different foods and bird habits to determine the best ways to increase the number of feathered visitors in home yards. Recently they obtained chunks of fat meat from the local market, and have noted that it is a favorite food, especially in cold weather. They report this is a fortunate discovery for the reason that markets most always have surplus fat "cut-offs," and which is free for the asking. They store quantities in the freezer, and then every other day take one of it to throw out in the shoopery and under the trees. It will be found that new birds will join the flocks familiar to the family.

Also, they report, they have placed empty oil barrels and other empty cans where water will fill in each time it rains from the roof. The food without the water will not prove such an enticing dish for the flying friends.

During the hard freeze-ups ahead, it will require alert attention in order to save birds from starvation for both food and water.

HE DOES NOT LOOK UNHAPPY but he had every right to be. At the City of Elba Christmas Dinner last Friday night the young high school girls who were such beautiful and otherwise efficient waitresses failed to serve Mr. Flournoy Whitman, shown third from left. All other guests, including his wife, sitting at all, were served leaving Mr. Whitman "without" a plate continuing to wonder, at the time the picture was taken, if he was being "sighted." But eventually it was learned that he did not have one of those generous turkey plates with all the "fixin'."

The Christmas Dinner was the big affair of the Holiday Season.

The five counties that compose the Dothan Highway Patrol Post area reported 56 rural traffic accidents during the month of November which caused 25 personal injuries and 1 traffic death, according to information released by Safety Director Floyd H. Mann.

Director Mann said that the same killer violations continue to show up month after month. Listed for November were: excessive speed; driving on the wrong side of the road; failure to yield right-of-way; improper passing; following too closely; and driving under the influence of alcohol.

Mann said it is one thing to know that these violations are killing more than 600 people each year on the rural highways of the state and more than 200 in the towns and cities, and another thing to get the motorists and pedestrians of the state to control their actions and automobiles that this needless slaughter may be avoided.

Through The Keyhole

By Mrs. Robert Cannon

ANOTHER party, and this one hosted one hundred and forty, was the city's Christmas banquet held at the school lunchroom on Friday evening. This affair is fast becoming a favorite December entertainment and we hope will be continued indefinitely.

The table arrangements were quite pretty. A tall, "pencil" candle of red was

surrounded by holly leaves and red berries and flanked at each end with a tall, silvered pine cone. This setting was repeated up and down the length of the banquet arrangement. The piano held large, fat candles and greenery and more greenery was used as a backdrop.

The dinner was divine and we heard many comments to this effect, the program was highly enjoyable; the company was good. What more can one ask?

We were pleased to find ourselves seated across from the gentlemen of the police force who were dignified in their uniforms. It was nice having a chance to talk with Officer and Mrs. Herman Driggers, Officer and Mrs. John Foy Hudson, and Mr. Oscar Hussey and his mother, Mrs. Lila Hussey.

Down the table we could see Chief Smart and Donna and Officer and Mrs. John Holley, also Sheriff and Mrs. Tillman, the Owen Zaglars, the Jack Dunsons, the Eugene Deanes, Reverend and Mrs. Bozeman and Patrolman Pete Taylor. Spoke to Annie Bess Rowe, Laura English, Myrtle Sellers and the Elmer Taylors. Lewy Stephens told us Gayle was sick and we had the greatest urge to call and see if she'd had time to make her Christmas mayonnaise before she became ill. (For the past few years Gayle has brought us a dish of homemade mayonnaise that is so good spread on crackers on those days right after Christmas when one is tired of heavy food. Maybe she wasn't too sick.)

The program consisted of the two Lindas from New Brockton and we recognized Linda Folson as one of the Peanut Festival beauty queens. She plays "cool" piano and sings beautifully. Linda Roberts must know the secret of Mona Lisa as she has the brightest smile and glows with the radiance of her own personality. She sang "I'll sing 'em 'til I'm blue" and convinced every one of us.

The second feature was

dances from Betty Jordan's Dance Studio in Enterprise who tapped enthusiastically and smiled, smiled, smiled. This we liked. (And thought our three Elba youngsters who danced were cute as could be.) I recognized a little blonde as being a Chancy as I had the pleasure of teaching her older sister, Connie, whose hair she seems to have inherited.

In conclusion, we think the mayor and council are to be complimented on this lovely evening's entertainment. And we're glad we were invited.

HOME FOR THE HOLIDAYS. It is grand to see their fine, young faces around town once again. We refer to the college set. Lawaha Padgett and his

Also saw Sandro Farris, Linda Crook, Henriette Dorsey and Virginia Lee Dorsey — all smiling and happy.

Also here, briefly, were Ben Johnson and his family of Columbus, to be with Fred, Cammie and Freddie Johnson. Cammie's had the house in apple-pie order and the entire visit was a pleasure to all.

Also going home for short stays were Ditty Vaughan and her family who spent one long, leisurely Sunday at home with them. Last month and left perfectly at home with them.

ON the coldest day of the year, we drove to the Enterprise Country Club with Katherine Doney and Totie Rhodes for a most interesting luncheon. Hostesses responsible for our pleasant time were Gwyn Marsh, Doris Brock and Gladys Spurlin. And we must say they entertain with a flair.

The club looked especially pretty in its holiday dress. From the six large chandeliers that run the length of the room, hung large, golden stars and shiny, green balls and the buffet table held two elegant "trees" composed of golden leaves and green balls, each set on an elegant golden base.

As the guests arrived they found places on the sofas that line the room and part of the fun was chatting to those we seldom see.

There were several out-of-town ladies — Mrs. Sue Oppert and Mrs. Rose Whilden of Dothan, and we understand she is a neighbor home from "Tama bringing Janet Warr, Mary John Smith and Tommy Vaughan. Understand that the Padgett's will go to Panama City during the season to see Lawaha's grandmother, Mrs. Alma Williams.

Also saw Sandro Farris, Linda Crook, Henriette Dorsey and Virginia Lee Dorsey — all smiling and happy.

Also here, briefly, were Ben Johnson and his family of Columbus, to be with Fred, Cammie and Freddie Johnson. Cammie's had the house in apple-pie order and the entire visit was a pleasure to all.

I find it hard to write in the past tense. This week is so precious with its gaily and goodwill, renewal of family ties and religious vows that we cannot cut it short even in our minds. And so, again, "Goodwill."

Household Hints

Run your sewing machine needle through steel wool a few times if it has been catching on fine fabrics.

If you need an extra wide piece of wax paper, seal two pieces together with a bit of tape.

For a change of pace, try oval ice cubes. Fill a plastic egg tray with water and put it in the freezer.

Nut breads make nice holiday gifts. They can be made days ahead, then wrapped in foil and frozen.

HOUSEHOLD HINTS

Make your own olive oil. Put four large unperfumed olives in a cup of salad oil and keep the tightly covered jar in the refrigerator. You will have good "olive oil" in about a week.

Be careful not to put silver serving dishes near a stove.

One way to reduce sun-streaked draperies is to make the top and bottom seams the same and select a pattern that can be hung upside down. Every few weeks just hang them bottom side up.

To keep hot dogs from splitting, while they are being boiled, put an inverted plate in the bottom of the pan.

Dark-colored hose should be turned wrong side out before they are machine washed. This keeps the

list from showing on the outside.

TIME WILL BRING NEW MEDICINES

This year many new diagnostic aids have been perfected. Progress has been made on cold vaccines and polio preventives can now be taken internally.

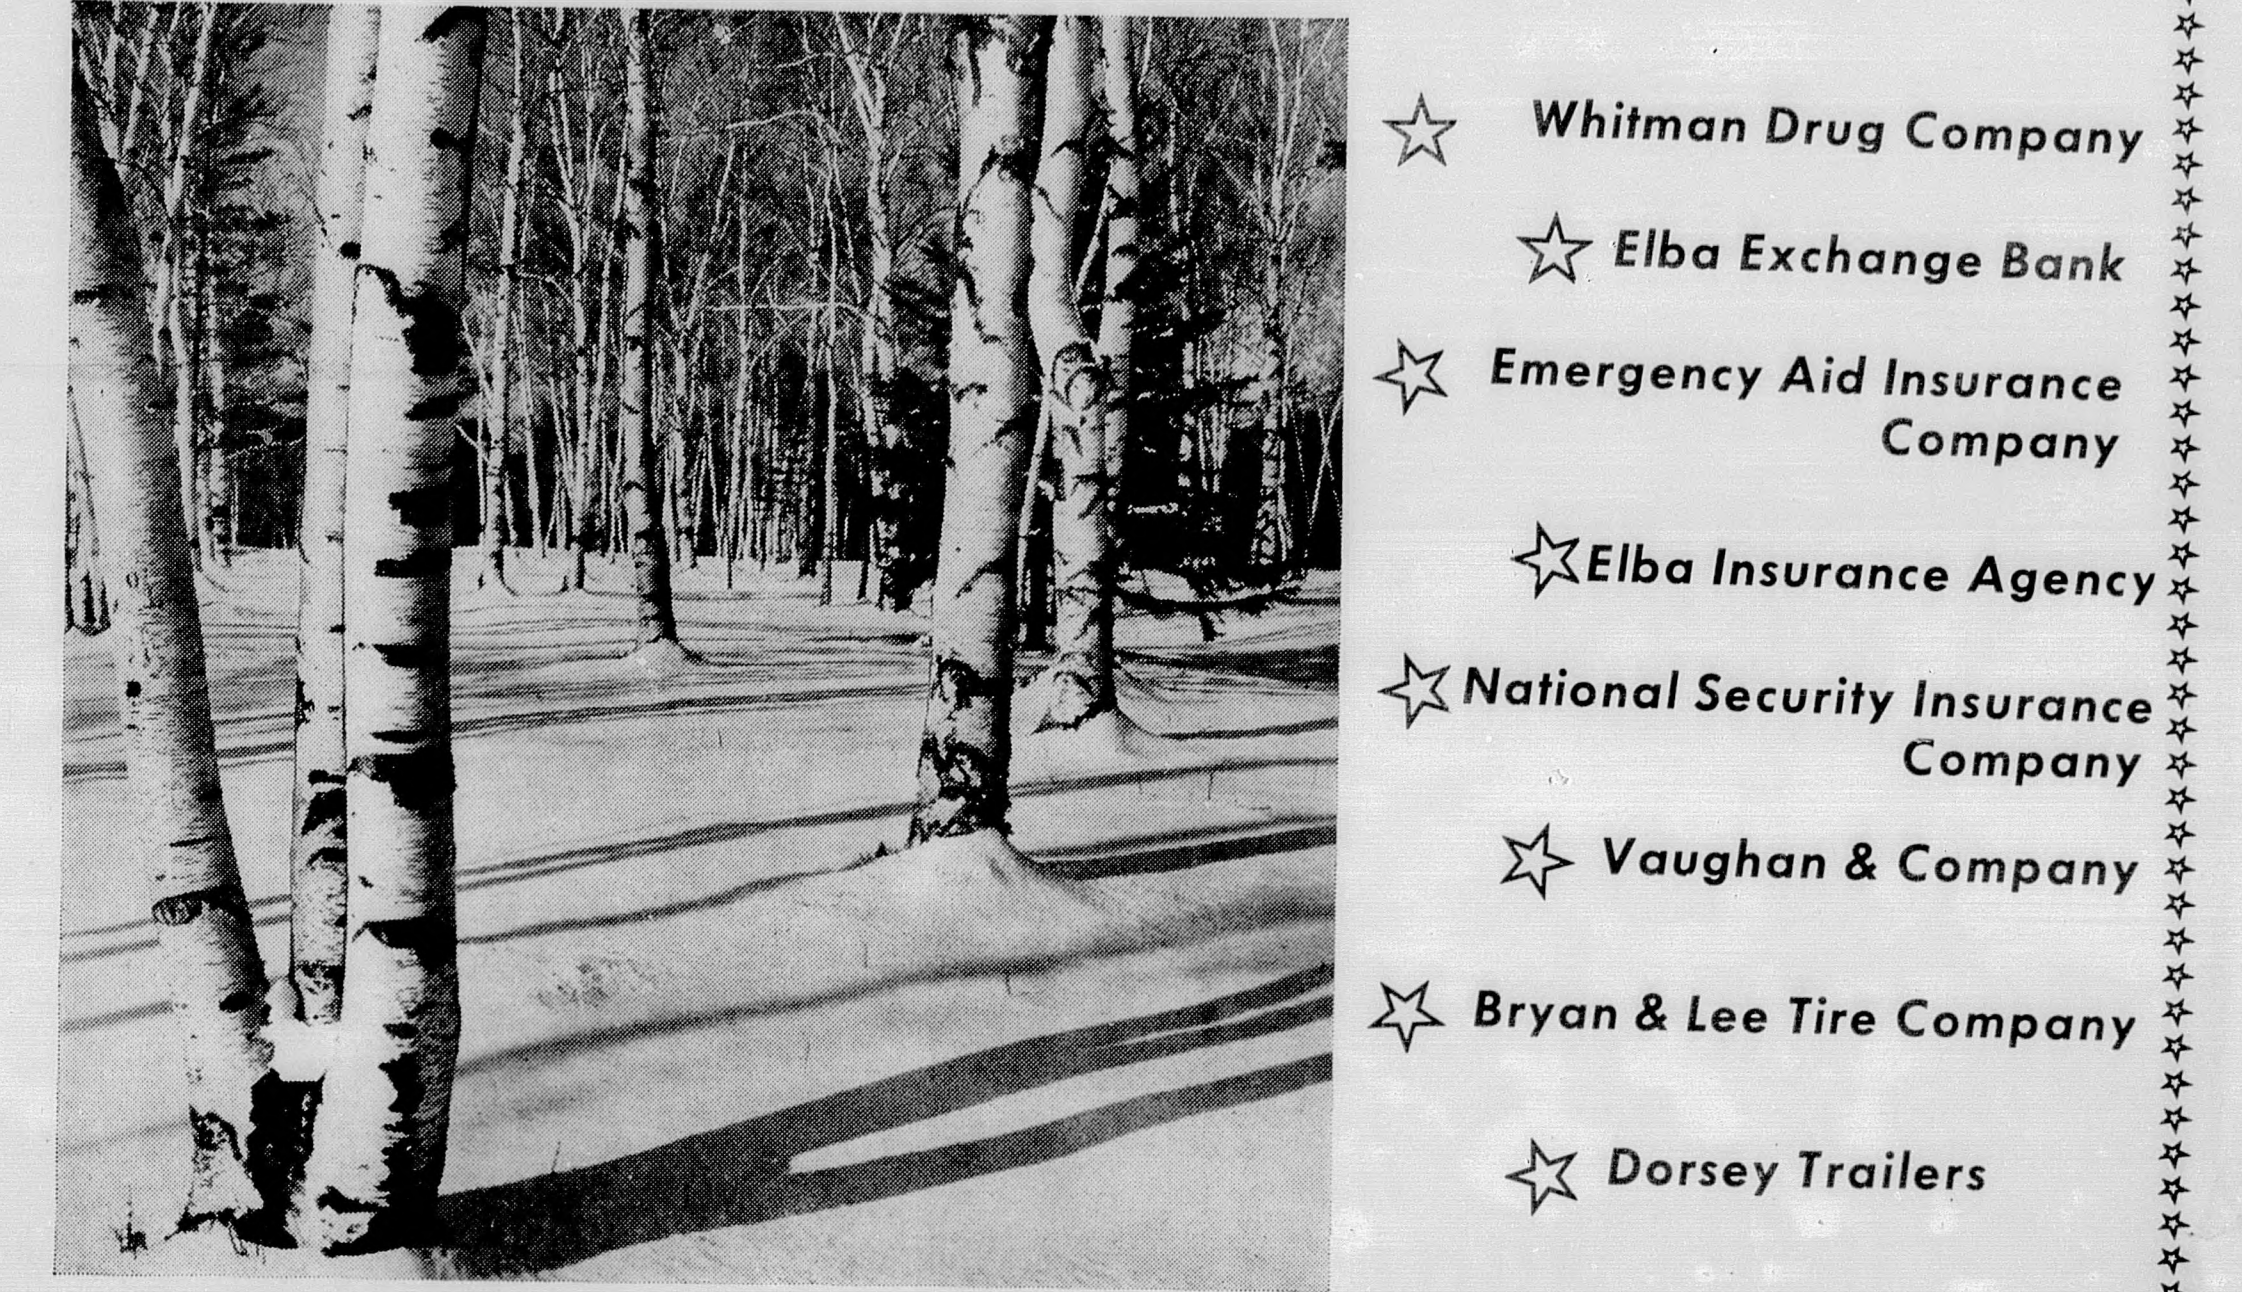

Next year will bring more help for the sick. As soon as any new drug is approved for safe use, we will immediately be able to dispense it in prescriptions.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

ATTEND THE CHURCH OF YOUR CHOICE THIS SUNDAY

This Church Message Sponsored By The Following Business Firms —

WHITMAN Each new year is like a new-fallen snow — unmarked until errant footsteps destroy its gleaming splendor. But short-lived is that spell of peace and perfection. Soon the newness is trampled out, the same old trails show themselves again.

NEW YEAR Tearing the last page off the calendar can change the year. But, it cannot change the MAN. We'll make of each new year just what we have made of the old ones — unless we direct our lives anew toward God and neighbor, unless we re-evaluate destiny and self.

In this New Year don't expect a blanket of perfection to hide the old failures. But seek the better Way. The Church helps men discover new trails . . . and follow them with new hope . . . to a new vision of life.

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
